## **\$3 Million in Bond Funds** **\$500,000 Loan** **Renewable Energy Resource**

Co-West Commodities is a food-waste and wastewater facility that recycles sewage into renewable energy.

Clearinghouse CDFI provided provided \$3 million in bond funds and a \$500,000 loan to Co-West Commodities for new commercial facilities that will deliver clean energy resources, greenhouse gas reductions, recycling, waste management, and wastewater treatment to the local communities. The new facilities will also implement a purification system which will clarify wastewater into pure distilled water.

This project will create 15 additional “green” jobs aimed towards restoring and preserving a sustainable environment.

**Clearinghouse CDFI addresses unmet credit needs in California, Nevada, Arizona, New Mexico, and Sovereign Nations in the Western United States.**

We bridge the financing gap between conventional lending standards & the needs of low-income and distressed communities.
