## **\$5.79 Million in Financing Boosts Enrollment & Helps Create Full-Time Jobs**

McCurdy Charter School provides quality, tuition-free education for children in the Española Valley. As New Mexico's largest charter school with an enrollment of over 500 students, McCurdy Charter School consistently academically outperforms local public schools.

Clearinghouse CDFI provided \$5.79 million in financing for McCurdy Charter School to construct an additional school building and to renovate existing buildings to bring them up to required standards.

The new and renovated buildings will allow McCurdy Charter School to expand enrollment and continue providing quality education for all students. This project will create over 50 full-time jobs.

**Clearinghouse CDFI addresses unmet credit needs in California, Nevada, Arizona, New Mexico, and Sovereign Nations in the Western United States.**

We bridge the financing gap between conventional lending standards & the needs of low-income and distressed communities.
