Fresno, CA

Over \$1.5 Million in Financing for the Renovation of a Community Sports Complex

The Central Valley Community Sports Foundation (CVCSF) is a nonprofit organization focused on revitalizing community centers in California's Central Valley.

Clearinghouse CDFI provided over \$1.5 million in financing to rehabilitate a formerly dilapidated park into this 18-acre, outdoor recreational sports complex operated by CVCSF. The updated park will feature new baseball fields, pitching and batting cages, and a remodeled concession stand.

Once open, the new community sports complex is expected to attract over 4,600 individuals to central Fresno. The resulting increase in tax revenues will generate a recurring economic benefit for this severely distressed area.

Clearinghouse CDFI addresses unmet credit needs in California, Nevada, Arizona, New Mexico, and Sovereign Nations in the Western United States.

We bridge the financing gap between conventional lending standards & the needs of low-income and distressed communities.
