

CLEARINGHOUSE NMTC, LLC

**Combined Financial Statements
with Report of Independent Auditors**

For the year ended December 31, 2018

Report of Independent Auditors

To the Members of the Companies of
Clearinghouse NMTC, LLC:

Report on the Combined Financial Statements

We have audited the accompanying combined financial statements of Clearinghouse NMTC, LLC, which comprise the combined balance sheet as of December 31, 2018, and the related combined statements of income, changes in members' equity and cash flows for the year then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Clearinghouse NMTC, LLC as of December 31, 2018, and the results of their operations and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining information in the Supplementary Information is presented for additional analysis of the combined financial statements rather than to present the financial position and results of operations of the individual companies, and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The combined information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining information is fairly stated in all material respects in relation to the combined financial statements as a whole.

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

1. Organization and purpose

The combined financial statements include the 17 entities listed below (collectively referred to as the “Companies” and individually referred to as “Company”). The Companies are related under common ownership and management of Clearinghouse Community Development Financial Institution (“CDFI” and “Managing Member”) in Lake Forest, California. The Companies have a primary mission of providing investment capital for low-income communities or organizations serving low-income persons. The Companies make capital or equity investments in, and loans to, Qualified Active Low-Income Community Businesses (“QALICBs”), as defined in Internal Revenue Code Section 45D. To help fulfill their primary mission, the Companies applied for and received certification from the U.S. Treasury’s Community Development Financial Institutions Fund (“CDFI Fund”) as a qualified Community Development Entity (“CDE”). The Companies’ lending is available through tax credit allocations authorized by the Department of Treasury and targets qualified businesses in distressed areas (“NMTC Allocations”).

2. Summary of significant accounting policies and nature of operations

Basis of accounting

The Companies prepare their combined financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of presentation

The combined financial statements of the Companies include the combined financial statements of the individual subsidiary entities. All intercompany transactions and balances have been eliminated in combination.

Cash and cash equivalents

Cash and cash equivalents include all cash balances on deposit with financial institutions and highly liquid investments with a maturity of three months or less at the date of acquisition.

Concentration of credit risk

The Companies maintain cash in bank deposit accounts that, at times, may exceed federally insured limits. The Companies have not experienced any losses in such accounts. The Companies believe they are not exposed to any significant credit risk on cash.

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

2. Summary of significant accounting policies and nature of operations (continued)

Economic and geographic concentrations

The Companies lend primarily in the California, Arizona, New Mexico, Washington, and Nevada markets. Future operations could be affected by changes in economic or other conditions in those markets. Additionally, the Companies' revenues are derived from the loans made to the QALICBs located in low-income communities. Future operations could be affected by changes in economic or other conditions that would affect the businesses of the QALICBs.

Loans receivable and allowance for loan losses

Loans receivable are stated at the amount of unpaid principal, reduced by unearned loan fees and the allowance for loan losses.

The allowance for loan losses is established through a provision for loan losses charged to expense. The allowance is an amount that management believes is adequate to absorb losses on existing loans that may become uncollectible. The allowance is calculated based on management's assessment of various risk factors in the types of loans the Companies offer. The Companies further consider the impact of market conditions when evaluating the economic risks within the Companies' portfolios.

The Companies evaluate each loan individually to determine if a specific loan loss provision is necessary. A loan is impaired when it is probable that the creditor will be unable to collect all contractual principal and interest payments due in accordance with the terms of the loan agreement. Impaired loans are measured based on the present value of expected future cash flows discounted at the loan's effective interest rate or, as a practical expedient, at the loan's observable market price or the fair value of the collateral if the loan is collateral dependent. The amount of impairment, if any, and subsequent charges are included in the allowance for loan losses. There were no impairment losses recognized during 2018.

Variable interest entity

FASB Accounting Standards Codification Topic 810 addresses how a reporting company should evaluate whether it has a controlling financial interest in a variable interest entity ("VIE") through means other than voting rights and under what circumstances the reporting company should consolidate the entity. The Companies have concluded that the QALICBs are VIEs and that the Companies are not the primary beneficiaries as they do not have the power to direct the activities that most significantly impact the QALICBs' economic performance and the obligation to absorb the potential losses or right to receive benefits that could be significant to the QALICBs. As a result, the Companies are not required to consolidate the QALICBs as a result of their variable interest. The Companies' maximum exposure to loss as a result of their variable interests in the QALICBs is limited to their loans receivable balances (see Note 3).

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

2. Summary of significant accounting policies and nature of operations (continued)

Use of estimates

The preparation of combined financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the combined financial statements and accompanying notes. Actual results could differ from those estimates. A material estimate that is particularly susceptible to significant change in the near term relates to the allowance for loan losses provision.

Fair value measurements

The Companies apply the accounting provisions related to fair value measurements. Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. As prescribed in ASC 820, fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This accounting guidance establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three levels of the fair value hierarchy: (1) the fair value is based on quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date; (2) the fair value is based on significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and (3) the fair value is based on significant unobservable inputs that reflect the Companies' own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Income taxes

Income taxes on the Companies' income are levied on the members at the member level. Accordingly, income taxes are not recorded on the Companies' books and all profits and losses of the Companies are recognized by each member in its respective tax return.

The preparation of combined financial statements in conformity with accounting principles generally accepted in the United States of America requires the Companies to report information regarding their exposure to various tax positions taken by the Companies. Management has determined whether any tax positions have met the recognition threshold and has measured the Companies' exposure to those tax positions. Management believes that the Companies have adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax returns filed. Any interest or penalties assessed to the Companies are recorded in operating expenses. No interest or penalties from federal or state tax authorities were recorded in the accompanying combined financial statements.

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

2. Summary of significant accounting policies and nature of operations (continued)

Interest and fees on loans

Interest on loans is calculated using the simple-interest method on principal amounts outstanding. The accrual of interest on impaired loans is discontinued when a loan becomes 90 days delinquent or, in management's opinion, the borrower may be unable to make payments as they become due. When the accrual of interest is discontinued, all unpaid accrued interest is reversed. Interest income is subsequently recognized only to the extent cash payments are received and the principal balance is believed to be collectible.

As of December 31, 2018, there was one loan past due 90 days or more for which the accrual of interest had been discontinued. The unpaid principal balance on this loan was \$8,300,000.

Loan origination and commitment fees and certain direct loan origination costs are deferred and the net amount amortized as an adjustment of the related loan's yield. The Companies are generally amortizing these amounts over the contractual life of the related loan using the effective interest method.

Other assets and amortization

As of December 31, 2018, other assets included transaction costs of \$1,203,000, which are recorded at cost and each Company's respective portion is amortized ratably over the seven-year compliance period using the straight-line method. Amortization of other assets for the year ended December 31, 2018 was \$238,000.

Revenue recognition

Interest income is recognized when earned in accordance with the contractual terms of the loan agreements and promissory notes.

Subsequent events

Subsequent events have been evaluated through March 27, 2019, which is the date the financial statements were available to be issued, and there are no subsequent events requiring disclosure.

3. Loans receivable

The Companies' loan portfolio is composed of loans that are primarily secured by real estate and commercial properties. This collateral is concentrated primarily within Los Angeles and Orange Counties, but includes collateral located in various counties throughout California, Washington, Nevada, Arizona, and New Mexico. As of December 31, 2018, real estate-secured loans accounted for approximately 100% of total loans. Nearly all of these loans are secured by first trust deeds with an initial loan-to-value ratio of generally not greater than 80%.

The Companies evaluate each borrower's creditworthiness on a case-by-case basis. Collateral held generally consists of first-trust deeds on real estate and income-producing commercial properties.

The Companies' loan portfolio consisted of the following at December 31, 2018:

Loans receivable	\$ 148,492,000
Less: Allowance for loan losses	-
Less: Unearned loan fees	-
Loans receivable, net	<u>\$ 148,492,000</u>

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

4. Fair value measurements

The Companies report balances that are required or permitted to be measured at fair market value in accordance with existing accounting pronouncements. Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based upon the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy is used that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three levels of the fair value hierarchy: (1) the fair value is based on quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date; (2) the fair value is based on significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data; and (3) the fair value is based on significant unobservable inputs that reflect the Companies' own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Cash and cash equivalents

The carrying values of cash and cash equivalents are reasonable estimates of their fair values due to their short-term nature.

Loans receivable, net

Loans receivable include collateral-dependent impaired loans which includes certain impaired held-for-investment loans for which an allowance for loan losses has been calculated based upon the fair value of the loans. The fair value of collateral for those impaired loans determined to be collateral dependent was determined based on appraisals obtained from real estate brokers or other third-party consultants. In some cases, adjustments were made to the appraised values due to various factors, including age of the appraisal, limited or outdated comparable included in the appraisal, and known changes in the market and in the collateral. As of December 31, 2018, loans receivable held by the Companies had a carrying value of \$148,492,000. The carrying value approximates fair value.

Notes payable

The carrying value of notes payable as of December 31, 2018 was \$4,700,000. The carrying value approximates fair value.

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

5. Notes payable

On December 18, 2013, Sub 32 obtained a \$4,200,000 loan from Wells Fargo Community Development Enterprise Round 8 Subsidiary 9, LLC, a Delaware limited liability company (“Sub 32 Loan A”) and a \$500,000 loan from Wells Fargo Community Development Enterprise Round 9 Subsidiary 13, LLC, a Delaware limited liability company (“Sub 32 Loan B”). The loans have a fixed interest rate of 1.1152% per annum with a maturity date of December 18, 2037 (“Maturity Date”). From March 15, 2014 to March 15, 2021, interest-only payments are due quarterly on the fifteenth day of each March, June, September and December. Each interest payment will include interest for the calendar quarter ending March 31, June 30, September 30 and December 31, respectively. Beginning March 15, 2021 and ending on or before the Maturity Date, quarterly payments of principal and interest will be due. As of December 31, 2018, the outstanding principal balance was \$4,700,000 and there was no outstanding accrued interest. Interest expense for the year ended December 31, 2018 was \$52,000.

Estimated aggregate future minimum principal payments over each of the next five years and thereafter on the loans are due as follows:

Year ending December 31,	
2019	\$ -
2020	-
2021	252,682
2022	255,511
2023	258,372
Thereafter	<u>3,933,435</u>
Total	<u>\$ 4,700,000</u>

6. Related-party transactions

Management fee

Pursuant to the respective operating agreement of each Company, the Managing Member earns a management fee (the “Management Fee”) from each Company during the seven-year compliance period for administering, managing and directing the businesses of the Companies, including causing each Company to comply with the new markets tax credit program requirements in accordance with Internal Revenue Code Section 45D and the Treasury Regulations thereunder. Management Fees are negotiated with each Company prior to commencement of operations and will end when the Company is dissolved. For the year ended December 31, 2018, the Companies incurred and recognized Management Fees of \$485,000.

Due to CDFI

CDFI paid expenditures on behalf of the Companies. Advances to the Companies do not bear interest. As of December 31, 2018, the Companies owed CDFI \$175,000 in reimbursements.

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS
December 31, 2018

7. Community development subsidiary entities

CDFI was awarded the authority to issue the following qualified equity investments (“QEIs”) to the Companies pursuant to allocation agreements between CDFI and the Community Development Financial Institutions Fund (the “Federal Allocation Agreements”):

<u>Allocation year</u>	<u>QEI</u>	<u>Dated</u>
2012	\$ 80,000,000	July 15, 2013
2015-2016	<u>65,000,000</u>	February 9, 2017
Total	<u>\$ 145,000,000</u>	

Equity investments received will be designated as QEIs if they meet the requirements of Internal Revenue Code Section 45D and Treasury Regulation Section 1.45D. Members of the Companies will be allowed to claim NMTCs over seven periods, spanning six years and a day, for any equity investment made by such member that is designated a QEI by CDFI. It is intended that the investor members’ capital contributions shall constitute QEIs in accordance with the Internal Revenue Code Section 45D and the Treasury Regulations thereunder.

In order to qualify for NMTC, CDFI must comply with requirements of Internal Revenue Code Section 45D and Treasury Regulation Section 1.45D during the seven-year credit period. These requirements include, but are not limited to, ensuring that for each annual period in the seven-year credit period, at least 85% of the QEIs will be deployed to qualified low-income communities as qualified low-income community investments (“QLICIs”). Because the tax credits are subject to certain requirements, there can be no assurance that the aggregate amount of tax credits will be realized and failure to meet all such requirements may result in generating a lesser amount of tax credits than expected.

An aggregate of \$56,550,000 of NMTCs will be generated as a result of \$145,000,000 of QEIs in the Companies deployed as of December 31, 2018. As a result of the QEIs, the members of the investment funds were eligible for \$8,050,000 of NMTCs for the year ended December 31, 2018. As of December 31, 2018, the members of the investment funds have been eligible to claim a cumulative total of \$29,463,000.

Future federal NMTC amounts resulting from federal QEIs are expected to be as follows:

Year ending December 31,

2019	\$ 8,050,000
2020	4,871,000
2021	4,776,000
2022	3,900,000
2023	3,900,000
Thereafter	<u>1,590,000</u>
Total	<u>\$ 27,087,000</u>

CLEARINGHOUSE NMTC, LLC
NOTES TO COMBINED FINANCIAL STATEMENTS

7. Community development subsidiary entities (continued)

2012 Allocation

Clearinghouse NMTC (Sub 29)

In September 2013, Sub 29 entered into the Amended and Restated Operating Agreement of Sub 29 (the "Sub 29 Operating Agreement"). Sub 29 is owned 0.01% by CDFI and 99.99% by A.C.T. Strand Theater NMTC Investment Fund, LLC (the "Sub 29 Investor Member")(CDFI and the Sub 29 Investor Member are collectively referred to as the "Sub 29 Members"). Sub 29 received \$14,600,000 in NMTC Allocations. As of December 31, 2018, Sub 29 received \$14,600,000 of QEIs and made \$14,308,000 of QLICIs.

As of December 31, 2018, pursuant to the Sub 29 Operating Agreement, CDFI and the Sub 29 Investor Member made capital contributions in the amount of \$1,460 and \$14,600,000, respectively.

Profits of Sub 29 shall be allocated in the following order of priority: (1) to the members to the extent of the amount by which the cumulative losses previously allocated exceed the cumulative profits previously allocated to each member, (2) to the members in proportion to their respective percentage interests. Losses shall be allocated first, to the members in proportion to their adjusted capital account balances until their respective adjusted capital account balances have been reduced to zero; and second, to the members in proportion to their respective percentage interests. As of December 31, 2018, Sub 29 made distributions in the amount of \$380,000.

Clearinghouse NMTC (Sub 30)

In September 2013, Sub 30 entered into the Amended and Restated Operating Agreement of Sub 30 (the "Sub 30 Operating Agreement"). Sub 30 is owned 0.01% by CDFI and 99.99% by LKIC Investment Fund 1, LLC (the "Sub 30 Investor Member")(CDFI and the Sub 30 Investor Member are collectively referred to as the "Sub 30 Members"). Sub 30 received \$10,000,000 in NMTC Allocations. As of December 31, 2018, Sub 30 received \$10,000,000 of QEIs and made \$9,800,000 of QLICIs.

As of December 31, 2018, pursuant to the Sub 30 Operating Agreement, CDFI and the Sub 30 Investor Member made capital contributions in the amount of \$1,000 and \$10,000,000, respectively.

Profits of Sub 30 shall be allocated in the following order of priority: (1) to the members to the extent of the amount by which the cumulative losses previously allocated exceed the cumulative profits previously allocated to each member, (2) to the members in proportion to their respective percentage interests. Losses shall be allocated first, to the members in proportion to their adjusted capital account balances until their respective adjusted capital account balances have been reduced to zero; and second, to the members in proportion to their respective percentage interests. As of December 31, 2018, Sub 30 made distributions in the amount of \$254,000.

7. Community development subsidiary entities (continued)

2012 Allocation (continued)

Clearinghouse NMTC (Sub 31)

In September 2013, Sub 31 entered into the Amended and Restated Operating Agreement of Sub 31 (the "Sub 31 Operating Agreement"). Sub 31 is owned 0.01% by CDFI and 99.99% by Window Rock Investment Fund II, LLC (the "Sub 31 Investor Member")(CDFI and the Sub 31 Investor Member are collectively referred to as the "Sub 31 Members"). Sub 31 received \$4,800,000 in NMTC Allocations. As of December 31, 2018, Sub 31 received \$4,800,000 of QEIs and made \$4,704,000 of QLICIs.

As of December 31, 2018, pursuant to the Sub 31 Operating Agreement, CDFI and the Sub 31 Investor Member made capital contributions in the amount of \$480 and \$4,800,000, respectively.

Profits of Sub 31 shall be allocated in the following order of priority: (1) to the members to the extent of the amount by which the cumulative losses previously allocated exceed the cumulative profits previously allocated to each member, (2) to the members in proportion to their respective percentage interests. Losses shall be allocated first, to the members in proportion to their adjusted capital account balances until their respective adjusted capital account balances have been reduced to zero; and second, to the members in proportion to their respective percentage interests. As of December 31, 2018, Sub 31 made distributions in the amount of \$111,000.

Clearinghouse NMTC (Sub 32)

In December 2013, Sub 32 entered into the First Amended and Restated Operating Agreement of Sub 32 (the "Sub 32 Operating Agreement"). Sub 32 is owned 0.01% by CDFI and 99.99% by WF Port of Hueneme Investment Fund, LLC (the "Sub 32 Investor Member")(CDFI and the Sub 32 Investor Member are collectively referred to as the "Sub 32 Members"). Sub 32 received \$10,000,000 in NMTC Allocations. As of December 31, 2018, Sub 32 received \$10,000,000 of QEIs and made \$14,500,000 of QLICIs.

As of December 31, 2018, pursuant to the Sub 32 Operating Agreement, CDFI and the Sub 32 Investor Member made capital contributions in the amount of \$1,000 and \$10,000,000, respectively.

Profits of Sub 32 shall be allocated in the following order of priority: (1) to the members to the extent of the amount by which the cumulative losses previously allocated exceed the cumulative profits previously allocated to each member, (2) to the members in proportion to their respective percentage interests. Losses shall be allocated first, to the members in proportion to their adjusted capital account balances until their respective adjusted capital account balances have been reduced to zero; and second, to the members in proportion to their respective percentage interests. As of December 31, 2018, Sub 32 made distributions in the amount of \$245,000.

Clearinghouse NMTC (Sub 33)
