Numa Incorporated

El Centro, CA

\$1.83 Million in Financing for Rehabilitation of 100+ Year Old Historic Building into Vibrant Community Space

This historic three-story building is located in downtown El Centro and was originally erected in 1912. Formerly a masonic temple, it has remained vacant since the 1990s.

Clearinghouse CDFI provided \$1.83MM in financing for Numa Incorporated to rehabilitate the abandoned, 100+ year old building into a functioning community space. This will include an event center, restaurants, and office space.

Once restored, the new community space will serve over 80,000 individuals annually, 50% of which will consist of low-income families. This project will generate 60 construction jobs and 20 full-time jobs.

Clearinghouse CDFI addresses unmet credit needs in CA, NV, AZ, NM, and Indian Country in the Western United States.

We bridge the financing gap between conventional lending standards & the needs of low-income and distressed communities.
