At Clearinghouse CDFI, **WE BELIEVE IN PEOPLE.**

We are bound by the core value that individuals in low-income, distressed communities deserve access to affordable capital.

MEETING OUR MISSION

Clearinghouse CDFI provides economic opportunities and improves the quality of life for lower-income individuals and communities through innovative and affordable financing that is unavailable in the conventional market.

OUR PEOPLE

**A NOTE FROM
OUR CHAIRMAN**

SPECIAL THANK YOU

DEAR SHAREHOLDERS,

It's hard to believe that in 2021 we celebrated our **25-YEAR ANNIVERSARY** as a CDFI making impactful, life changing, community development loans. Our employees have truly accomplished remarkable milestones as we "moved forward" from a start-up lending experiment to a sustainable financial institution. Here are a few of my favorite accomplishments over the past quarter century:

- Over **2,546** loans originated totaling over **\$2.1 billion**
- Over **\$600 million** in New Markets Tax Credits deployed
- 1000 single family loans to first-time home buyers totaling **\$250 million**
- **22 consecutive** years of profitability
- Over **\$50 million** in cumulative retained earnings
- Awarded **"Best of the World"** B Corporation for the past four consecutive award years

This past year required us to manage through ongoing worldwide health issues, address new workplace norms, tackle communication challenges, and navigate unsettling economic and global political conflicts. Clearinghouse CDFI responded to these challenges. We helped thousands of low-and-moderate-income families with core loans for housing, services, and other community and economic development needs. Additionally, we achieved record levels for loan performance, revenue, and profit.

Perhaps our most significant accomplishment in 2021 was the first closing of **FVLCRUM Fund LP**. This \$250 million endeavor addresses the **minority wealth gap** in United States through equity investments in successful minority-owned mid-market companies. Five Clearinghouse CDFI shareholders were part of the \$104 million December closing. Noteworthy was our successful effort to obtain OCC approval of the fund as a "qualified CRA investment". This new off-balance sheet fund is transformative as a vehicle for wealth creation while providing strong investment returns.

FRIENDS

Our expansion into Texas was a central focus in 2021. Clearinghouse CDFI opened two new offices, in Dallas and Austin, to provide direct loan services for this region. Our outstanding Texas employees are making new contacts with banks and community groups, providing a hands-on customer service experience that is integral to our corporate culture. One of the Texas loans that funded in 2021 will provide homeless individuals with shelter and supportive services to restore dignity and improve their lives.

We continued helping small businesses in 2021 by providing additional Paycheck Protection Program (PPP) loans. Over the past two years we directly assisted 488 small businesses with \$22 million in PPP funding, saving 2,389 jobs. Our average loan size, at \$46,000, was less than half the national average. This remarkable statistic re-confirms an adherence to one of our founding principles: “addressing unmet credit needs”.

2021 financial performance included a record pre-tax profit of over **\$14 million**. This number, while outstanding, is somewhat skewed by some atypical events last year. A combination of reducing the loan loss reserves established during the onset of the pandemic in 2020 and high loan payoffs resulted in greater income recognition. Likewise, our annual asset growth was lower than projected due to the record level of loan payoffs. Borrower performance remained extremely strong (< 1% non-performing loans) indicative of the outstanding work of our underwriting and loan servicing teams.

On a daily basis, our dedicated staff strives to meet our mission and exceed expectations—with a strong and resolute focus on the future. Thank you to our shareholders, borrowers, employees, and friends! Because of your strong support and assistance, Clearinghouse CDFI is moving **FORWARD**.

DOUGLAS J. BYSTRY
PRESIDENT / CEO

2021 HIGHLIGHTED BORROWER

YOUTH DEVELOPMENT INC.

Albuquerque, NM

\$471,000 Loan

Youth Development, Inc. (YDI) is a nationally recognized nonprofit organization serving New Mexico since 1971. YDI provides youth and family services for low-income individuals to combat poverty and its effects on the community. Services include:

- Alternative Education
- Childcare and Mentoring
- Job Training and Placement
- Mental and Behavioral Health Services
- Homeless Assistance
- Family Development and Counseling

Clearinghouse CDFI provided two loans for YDI totaling \$991,000. These loans provide longer terms, lower fixed rates, and support operation of YDI headquarters. This allows the nonprofit to better serve low-income individuals and families in and around Albuquerque.

"The partnership between YDI and CCDFI allowed YDI to restructure its debt on a long-term basis and to save two valuable assets for our organization. At a time when we struggled to find financing, CCDFI came to the rescue and helped stabilize our organization."

DIEGO GALLEGOS
CEO, YOUTH DEVELOPMENT, INC.

NORTH AUSTIN NEIGHBORHOOD HOUSING

Austin, TX

■ \$1.6 Million Loan

Clearinghouse CDFI provided \$1.6 million in financing for the acquisition and rehabilitation of an apartment complex in Austin, Texas. This complex—North Austin Neighborhood Housing—will be transformed into 33 units of permanent housing for homeless individuals.

The City of Austin and Ending Community Homelessness Coalition (ECHO) are providing support to 31-25 Advisors to make these housing units immediately available. Individuals and families will be sourced from ECHO's Continuum of Care waiting list—a program which generates a systematic, priority-based response to ending homelessness in the Austin area.

31-25 Advisors, the project sponsor, is a real estate company founded by two friends, Russell Artman and Stephen Levine, as a response to the critical shortage of affordable housing in Austin. Mr. Artman, with a background in real estate and Mr. Levine, with a background in finance, work together to address homelessness through novel approaches to affordable housing creation.

"Clearinghouse CDFI worked with us to create 33 units of housing for people experiencing homelessness. Thanks to their incredible team, we got people in housing for Christmas."

RUSS ARTMAN
PRINCIPAL, 31-25 ADVISORS

2021

ACI FRIENDLY VILLAGE

Long Beach, CA

■ \$11.17 Million Loan

Clearinghouse CDFI provided \$11.17 million in financing for ACI to purchase a mobile home park out of bankruptcy and continue park rehabilitation.

ACI Friendly Village (ACI) is a nonprofit public benefit corporation that preserves affordable housing through management of an 18-acre, 184-site mobile home park built over a landfill in the 1970s. ACI was created by Resident Owned Parks, a nonprofit organization that guides residents through the process of park acquisition.

Park acquisition allowed ACI to gain site control, stabilize operations, and ensure affordability for residents. Health and safety systems will also be implemented to address critical park issues.

“Clearinghouse CDFI clearly understood the nonprofit ownership and management of affordable housing communities. They heard our commitment to long-term improvements to this former landfill site, and listened to our plans for how we would achieve our goals to improve the common areas to benefit low-income park residents.”

MAURICE PRIEST
PRESIDENT, AFFORDABLE COMMUNITIES, INC.

NEW MARKETS TAX CREDITS

PUEBLO OF LAGUNA

Laguna, NM

\$14 Million NMTC Allocation

The Pueblo of Laguna (Laguna) is a federally recognized tribe located in New Mexico 50 miles west of Albuquerque. Residents live in six rural villages across 500,000 acres: Laguna, Mesita, Pagate, Seama, Paraje, and Encinal.

Clearinghouse CDFI provided \$14 million of Federal NMTCs for Laguna to develop new wastewater related infrastructure, including sewage, filtration, and piping. Wells Fargo Bank was the project investor and Laguna Economic Advancement was the sponsor. This was the final phase of a \$70 million wastewater development originally started in 2011.

The new infrastructure greatly improved health and safety conditions throughout all six Laguna villages, which were seriously impacted by the COVID-19 pandemic. This project also created 43 jobs paying above living wage.

"This NMTC transaction completes the final scope of work including much-needed repairs, upgrades, and improvements. This effort was necessary to ensure the Laguna people would have water and wastewater systems that meet current codes and safety requirements, provide fire flow within all villages, and result in reliable and safe water and wastewater systems."

JOHN E. ANTONIO, SR.
GOVERNOR, PUEBLO OF LAGUNA

HIGHLIGHTED BORROWERS

CARITAS CENTER

Santa Rosa, CA

\$10 Million NMTC Allocation

\$4.2 Million Loan

Caritas is a new community center offering comprehensive homeless support services in a severely distressed area of Santa Rosa, California. Catholic Charities of the Diocese of Santa Rosa (CCDSR), who sponsored the project, is a principal source of services for the poor and homeless in Sonoma County.

Clearinghouse CDFI provided \$10 million in NMTC allocation for development of the Caritas Center and a \$4.2 million short-term bridge loan to CCDSR for project-related costs. CDE partners included Telecu with \$18 million, Enterprise Community Partners with \$7.5 million, and Chase New Markets Corporation with \$4 million NMTCs. The federal NMTC investor was Chase Bank.

Caritas Center, at 3 stories and 46,500 sq. ft., includes a Federally Qualified Health Center to provide on-site medical and mental healthcare and a medical respite program. It includes job training, children's services, and expands capacity to serve an additional 2,000 patients annually. Development of Caritas Center created 30 new, full-time jobs and 130 full-time, construction jobs.

“CCDFI was an essential CDE on the Caritas Center, meeting a critical need for shelter and services for homeless individuals. We are grateful for our continued partnership. Thank you for supporting long-term solutions to the Sonoma County homelessness crisis.”

NAPA COMMUNITY REAL ESTATE

Napa, CA

ORIGINAL FUNDING YEAR: 2021

\$6 Million Loan

CCDFI takes great pride in developing long-term relationships with our borrowers that in turn benefit our shared communities. One such borrower, Charles Loveman, began working with CCDFI in 2005 to address the need for affordable housing throughout California.

Charles first approached CCDFI in 2005 on behalf of **Heritage Housing Partners** (HHP), a nonprofit that creates affordable housing. CCDFI worked with HHP and Charles to fund multiple loans totaling over **\$24 million**. These projects created 153 units of affordable housing.

CCDFI was pleased to work with Charles Loveman again in 2021, along with long-time friend and associate Michael Williamson, to fund **Napa Community Real Estate Fund** (Napa). Napa is the **\$6 million acquisition** of a vacant site for development into 140 units of affordable housing for families earning between 70%-80% AMI.

Over the past 17 years, Clearinghouse CDFI's partnership with Charles Loveman has yielded a total of 300 units of affordable housing across California.

FIFTY YEARS

2007

- Honored as a finalist in the 2007 Wachovia NEXT Awards which recognizes innovation, impact, and vision within the CDFI industry

MONARCH SCHOOL

ORIGINAL FUNDING YEAR: 2012

San Diego, CA

\$3.8 Million NMTC Allocation

PURPOSE:

Clearinghouse CDFI's long-term commitment to at-risk youth is reflected in its partnership with Monarch School—a San Diego, California nonprofit dedicated to providing education for students impacted by homelessness.

In addition to its educational and academic curricula, Monarch School provides kindergarten through 12th grade students who are experiencing the unique challenges of homelessness with basic yet critical necessities. This includes shower facilities, toiletries, clothing, and meals.

EXTENDING OUR SUPPORT

— Clearinghouse CDFI participated in a 2014 partnership to provide \$50,000 in grant funds for student enrichment activities, including a Legoland science workshop for 7th graders.

— Clearinghouse CDFI provided financial support to send the 8th graders on a three-day science camp at the Catalina Island Marine Institute.

OVERVIEW & HIGHLIGHTS

Clearinghouse CDFI currently has opportunity zone/community development projects in San Antonio, TX; Phoenix, AZ; Long Beach, CA; Columbia, SC; and Los Angeles, CA.

ALAMO
San Antonio, TX

- CCDFI is renovating the 10,600 sq. ft. Henry Terrell building—a historic structure located two blocks north of the historic Alamo in an area undergoing revitalization by the City of San Antonio.
- CCDFI will preserve the property's historical feel and significance while revitalizing it into two levels of office space over ground floor retail space.

34 E JACKSON
Phoenix, AZ

- CCDFI acquired a vacant commercial building in downtown Phoenix where exponential development growth and many new high rises are projected over the next five years.
- CCDFI envisions revitalizing this 38,000 sq. ft. building—which once housed the historic Phoenix Merchandise Mart—into a mixed-use facility offering retail space and workforce housing options.

PINE & PACIFIC
Long Beach, CA

- CCDFI is acquiring two parcels in downtown Long Beach to develop two multi-family apartment buildings—one affordable and one market-rate.
- The affordable development will be led by two local, minority-controlled nonprofits.
- CCDFI will develop the market-rate property consisting of 81 units to support the existing need for housing options in the downtown area.

SAXON
Columbia, SC

- CCDFI recently acquired this 2.7-acre site consisting of a 32,000 sq. ft. shopping center divided into six commercial spaces.
- City and state officials welcome CCDFI's partnership and its plans to develop the space to serve the local community, including Benedict College, Allen College, local hospitals, and several single-family neighborhoods.

2021 FEATURED OP ZONE PROJECT

NABI Los Angeles, CA

CCDFI's Opportunity Zone development was the first to break ground and be completed in the Koreatown neighborhood of Los Angeles. NABI is a six-story multi-family apartment complex with 31 market rate units over parking on a previously vacant lot. The property—which is walking distance to transportation, employment, and entertainment—adds much-needed housing options to a diverse and charming community characterized by its pleasant blend of history and new development.

FVLCRUM

HELPING BRIDGE THE U.S. RACIAL WEALTH GAP

FVLCRUM Funds LP (FVLCRUM) is an off-balance sheet private equity vehicle of Clearinghouse CDFI, established to create **generational wealth** in **minority communities** by creating **sustainable paths** to **wealth**. To achieve this, FVLCRUM invests a combination of equity and debt into lower middle-market minority-owned businesses.

FVLCRUM completed its first close in December 2021 at over **\$104 million** (out of a \$250 million target for final closing). This consisted of a diverse group of investors with over **74% institutional**. The investors include a **\$40 million commitment** from an anchor institutional investor, national and regional banks, foundations, large consultants, and family offices. The GP committed an additional \$6 million.

FVLCRUM is now advancing its mission to provide strong investment returns while simultaneously **addressing the U.S. racial wealth gap**. The FVLCRUM team is currently evaluating a strong proprietary pipeline of potential deals valued at over **\$400 million**.

Tim Johnson	City of Federal Way

"It is amazing to be on the NMTC Advisory Board and witness and contribute to the 'Arising' economic community benefit global leader that is Clearinghouse CDFI. I have witnessed and been a part of taking calculated risks that manifest as true community advancement for Native Americans and disadvantaged borrowers everywhere."

Kathy Bonney	Clearinghouse CDFI

BRUCE GUMBINER
AMERICAN
BUSINESS BANK

"I proudly support the efforts of Clearinghouse CDFI and its impact on our communities. Participating in Outreach Committee is an opportunity for me to give back to this organization, which has contributed in many ways to my own community and career."

LEGACY PARTNERS

When I founded Clearinghouse CDFI in 1996, I wanted to create a financial institution that would change lives in our local Southern California communities. Today, Clearinghouse CDFI has offices in five states and a team of over 45 employees. We have deployed \$2.1 billion in capital into underserved communities throughout the United States and Indian Country. Our work has helped many people by providing economic opportunity, creating safe affordable housing, and alleviating poverty. Looking back, I am reminded of how far we have come. I reflect with sincere humility and gratitude when recalling all the people, including those who have passed, who shared our vision, supported us, and worked so hard over the past 25 years. We have truly been blessed. Now, as Clearinghouse CDFI begins its next quarter century, we are moved to expand our vision as a lender and inspired by our potential for greater impact and service. I appreciate the valuable contributions so many have made to our company and your shared role in creating the Clearinghouse CDFI legacy.

25

YEARS

F O R

"I have proudly partnered with Clearinghouse CDFI since its first **inception in 1996**. It has been a distinct career pleasure to help nurture and oversee its growth, especially in recent years. The company has come a long way since those early days addressing unmet credit needs in Southern California—to now **serving distressed communities nationwide**. Clearinghouse CDFI is poised for further growth. I am excited to see what the future holds. I want to take this opportunity to acknowledge the entire team at Clearinghouse CDFI for their constant commitment to the success of the organization and for their passion in serving our underserved communities. I'm looking forward to my continued leadership role with Clearinghouse CDFI's phenomenal Board of Directors, and the fulfilling work of guiding organizational policy relative to our important economic development mission and collaboration with our **community partners and investors**."
